# YOUTH IMPACT SUMMIT SPONSORSHIP OPPORTUNITY

*The Youth Impact Summit*, hosted by Inclusive Communities, brings together high school students from across Omaha and Lincoln for a day of real conversations, connection, and leadership development.

Students engage in topics like mental health, identity, relationships, and navigating today's world while building the confidence and skills to lead in their communities. Each year, the summit reaches 150+ students (grades 8–12), with a strong focus on youth ready to be the next generation of transformational leaders.

## WHY SPONSOR?

Your support helps make this experience accessible and meaningful for every student in the room. It's a direct investment in young people, and in the kind of community we're all working toward.
